  - Recommended pedestrian safety improvements, including a new crosswalk at the intersection of Huntington Avenue and Euclid Avenue
  - Recommended signalization of the Bayhill Shopping Center driveway on Cherry Avenue and the adjacent mid-block crosswalk
  - Recommended no change to traffic controls at the intersection of Santa Lucia Avenue and Parkview Drive

# 2018 Accomplishments

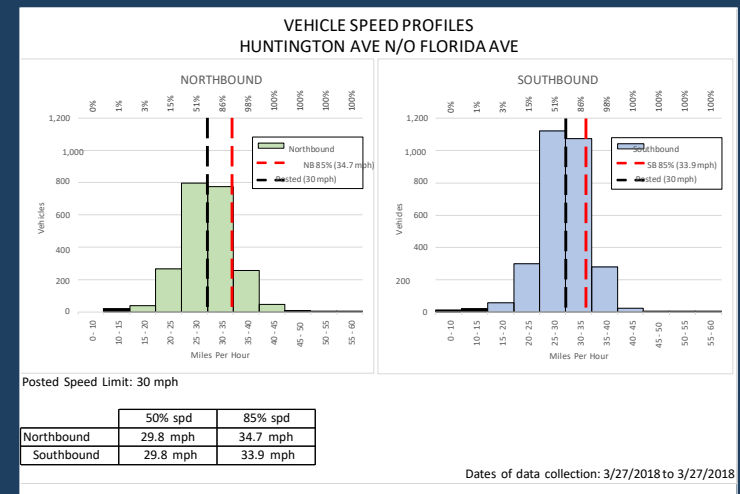

- Traffic Safety Evaluations (Cont.)
  - Recommended improvements at the intersection of San Bruno Avenue and Cherry Avenue, including:
    - Median modification to add a southbound left turn only lane
    - Flashing Yellow Arrow operation for northbound and southbound left turn movements
    - Southbound right turn overlap phase
    - Leading pedestrian intervals for the crosswalks across San Bruno Avenue
    - Improved lighting for pedestrians if needed
    - High visibility crosswalks
    - Possible realignment of crosswalks to improve pedestrian safety

# 2018 Accomplishments

- Traffic Safety Evaluations (Cont.)
  - Received report on the Citywide Intersection Safety Study
  - Reviewed request for all-way stop control at the intersection of Huntington Avenue and Florida Avenue
  - Recommended deployment of portable radar speed sign on Huntington Avenue near Florida Avenue along with increased enforcement

# 2018 Accomplishments

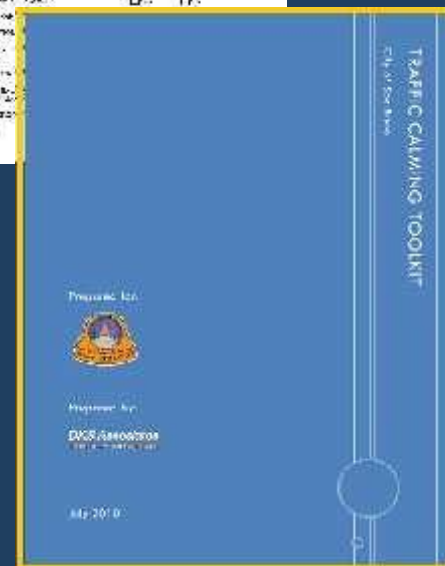

- Traffic Safety Evaluations (Cont.)
  - Reviewed request for all-way stop control at the intersection of Earl Avenue and Glenview Drive
  - Recommended study to determine if bulb outs are possible at the intersection of Earl Avenue and Glenview Drive
  - Recommended high visibility crosswalks at intersection of Earl Avenue and Glenview Drive
  - Received an informational report regarding conversion of residential streets to one-way traffic flow

# Goals for 2019

- Develop recommendations for a new policy for issuing permits for closure of residential streets for neighborhood events
- Review the Special Parking Restriction policy
- Review the Traffic Calming Toolkit procedures
- Develop recommendations for a policy for evaluating requests for conversion of residential streets to a one-way traffic pattern

The image shows a form titled "ENCROACHMENT PERMIT" from the City of San Jose Department of Public Works. The form includes fields for project name, location, dates, and contact information. It also has a section for "PERMIT CONDITIONS" with checkboxes for various requirements like "STREET CLOSURE", "TRAFFIC CONTROL", and "PARKING RESTRICTIONS".

# Submit a Request to the Traffic Safety and Parking Committee

Write a letter addressed to TSPC, City of San Bruno. State in your letter:

1. Issue or problem.
2. Any solution or requests that you feel would alleviate the problem.
3. Your name, address, and daytime telephone number.

Mail your letter to:

TSPC, City of San Bruno  
567 El Camino Real  
San Bruno, CA 94066-4299

Email your letter to:

[ps@sanbruno.ca.gov](mailto:ps@sanbruno.ca.gov)

Hand deliver your letter to:

Public Works counter at San Bruno City Hall  
located at 567 El Camino Real.
